Fern Silver, the nationally known and highly successful motivational speaker brings her infectious joy, human insights and uncanny talent for creating hope, healing and happiness to South Florida.

Discover the *Power* that resides within **YOU**.

Find a new source of *Renewable Energy* within you that doesn't dissipate and abandon.

Experience your *Senses* in a deeper, richer way than you have ever imagined.

Bring *Hope* and *Well Being* into your life.

"The path towards wellness starts in the mind. As physicians, we can impact the physical elements of the body, but true healing is always dependent upon the mental state of the afflicted"
